- CHRONIC PAIN DEVICES

ADVANCING INNOVATION

PIONEERING DIABETES MANAGEMENT
Ground-breaking glucose sensing technology

NEUROMODULATION
Innovative devices for chronic pain and movement disorders

TAKING DIAGNOSTICS TO NEW HEIGHTS
An unprecedented approach to provide a more efficient, complete diagnostics solution

RECOGNIZED BRANDS

Products may not be available in all markets.

SUSTAINABILITY

We collaborate with dairy farmers to locally source high-quality ingredients for our nutrition plant in India.

1.1BN

More than 1 billion people worldwide could benefit from fortified rice. Abbott scientists helped PATH improve rice fortification technology – which can help address malnutrition globally.

27%

Have reduced our total worldwide water intake by 27% since 2010.

33

We have 33 zero-waste to landfill sites worldwide.

INDUSTRY LEADERSHIP
