

ABOUT ABBOTT

At Abbott, we're all about helping you live the best life you can through good health. We keep your heart healthy, nourish your body at every stage of life, help you feel and move better, and bring you information and medicines to manage your health. Every day and around the world, millions of people benefit from Abbott's life-changing technology.

We create breakthrough products – **in diagnostics, medical devices, nutrition and established pharmaceuticals** – that help you, your family and community lead healthier lives full of unlimited possibilities.

 **OUR NUTRITION BUSINESS**

We understand that proper nutrition is the foundation for living the best life possible.

That's why we develop science-based nutrition products to nourish your body at every stage of life. Our products help babies and children grow, keep bodies strong and active, and support the unique nutrition needs of people with chronic illnesses – to make every stage of life a healthy one.

OUR BUSINESSES

PEDIATRIC NUTRITION

Every day, 11.5 million babies and children rely on Abbott nutrition products.

Similac®: Complete line of milk and soy-based infant and toddler formulas that supports healthy growth and development of a baby's eyes, brain and immune system, including **Similac® Pro-Advance®**, **Similac Sensitive®**, **Similac Pro-Sensitive™**, **Similac Total Comfort®**, **Similac® Alimentum®**, **Elecare®**, **Pure Bliss™**, **Go and Grow**. Abbott was the first company in the world to introduce a formula – **Similac® Pro-Advance®** and **Pro-Sensitive™** – with 2'-FL Human Milk Oligosaccharides* (HMO), an immune-nourishing prebiotic that circulates through the body and helps strengthen the baby's immune system to be more like the breastfed infant than ever before.

Pedialyte®: Advanced rehydration solution specially formulated to help kids and adults replenish vital fluids and electrolytes, which, when lost, can lead to dehydration.

PediaSure®: Complete, balanced nutritional supplement designed with the right balance of protein, carbohydrates, vitamins and minerals to help kids catch up on growth.

Eleva™: China's only infant formula with Abbott's proprietary Intelli-Absorption Structure, which promotes absorption of key eye and brain nutrients.

NUTRITIOUS SNACKS/ WEIGHT MANAGEMENT

ZonePerfect®: Shakes and bars specially formulated with purposeful macronutrients to help adults manage their weight based on their chosen lifestyle.

ADULT AND MEDICAL NUTRITION

Every day, more than 8 million people rely on Abbott's adult and medical nutrition products.

Ensure®: An extensive line of adult nutrition products that provide complete, balanced and targeted nutrition to help people stay active and at their best, as well as recover from illness. With more than 45 years of scientific heritage including more than 30 clinical studies, Ensure is a leading science-backed nutrition brand.

Glucerna®: Shakes and bars formulated to help manage blood glucose levels as part of a diabetes management plan.

Jevity®: Complete, balanced, fiber-fortified nutrition designed for short- and long-term tube feeding.

Abound® and Juven®: Designed to help build lean body mass and support wound healing.

Nepro® and Suplena®: Specially designed for people with kidney disease.

Oxepa® and Pulmocare®: Specially designed for patients with respiratory conditions.

ProSure®: Specially designed to help people with cancer-induced weight loss gain weight and strength; marketed outside the United States.
