OUR BUSINESSES

PEDIATRIC NUTRITION

Every day, 11.5 million babies and children rely on Abbott nutrition products.

Similac®: Complete line of milk and soy-based infant and toddler formulas that supports healthy growth and development of a baby's eyes, brain and immune system, including **Similac® Pro-Advance®**, **Similac Sensitive®**, **Similac Pro-Sensitive™**, **Similac Total Comfort®**, **Similac® Alimentum®**, **Elecare®**, **Pure Bliss™**, **Go and Grow**. Unlike other formulas, we have **Similac® Pro-Advance®** and **Pro-Sensitive™** with 2'-FL Human Milk Oligosaccharides* (HMO), an immune-nourishing prebiotic that circulates throughout the body. **Similac** with 2'-FL HMO helps strengthen baby's immune system to be more like the breastfed infant than ever before.

Pedialyte®: Advanced rehydration solution specially formulated to help kids and adults replenish vital fluids, minerals and nutrients, which, when lost, can lead to dehydration.

PediaSure®: Complete, balanced nutritional supplement designed with the right balance of protein, carbohydrates, vitamins and minerals kids need for healthy growth.

Eleva™: China's only infant formula with Abbott's proprietary Intelli-Absorption Structure, which promotes absorption of key eye and brain nutrients.

PERFORMANCE NUTRITION

ZonePerfect®: Snacking on the go is easy and nutritious when you have ZonePerfect bars. Every year, nearly 3 million active adults and kids who want a balance between protein, good nutrition and great taste choose ZonePerfect to fuel their busy days.

ADULT AND MEDICAL NUTRITION

Every day, more than 8 million people rely on Abbott's adult and medical nutrition products.

Ensure®: An extensive line of adult nutritional products that provides complete, balanced and targeted nutrition to help people stay active and healthy, as well as recover from illness. With 45 years of scientific heritage including more than 30 clinical studies, Ensure is the adult nutrition brand with the most scientific support.

Glucerna®: Shakes and bars formulated for people with diabetes to help manage blood glucose levels as part of a diabetes management plan.

Jevity®: Designed for short- and long-term tube feeding.

Abound® and Juven®: Designed to help build lean body mass and support wound healing.

Nepro® and Suplena®: Specially designed for people with kidney disease.

Oxepa® and Pulmocare®: Specially designed for patients with respiratory conditions.

ProSure®: Specially designed to help people with cancer-induced weight loss gain weight and strength; marketed outside the United States.
