

ABBOTT TODAY

At Abbott, we're all about helping you live the best life you can through good health. We keep your heart healthy, nourish your body at every stage of life, help you see clearly, and bring you information and medicines to manage your health.

We create the breakthrough products – **in diagnostics, medical devices, nutrition and established pharmaceuticals** – that help you, your family, and community lead healthier lives full of unlimited possibilities.

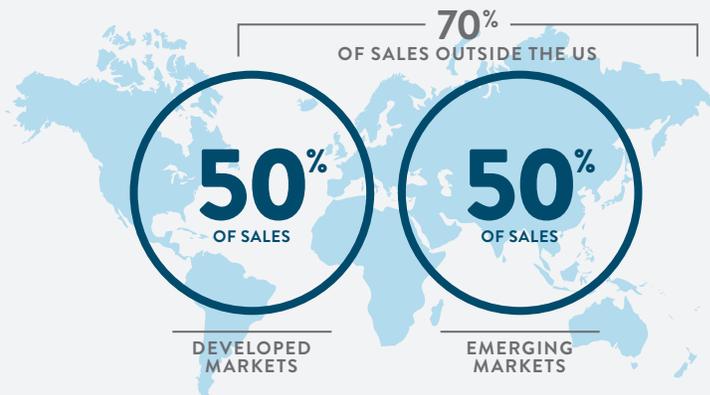

Founded more than 125 years ago by Chicago physician Dr. Wallace C. Abbott, Abbott is now one of the largest diversified global healthcare companies.

Our approximately 74,000 colleagues around the globe are devoted to making a lasting impact on human health in the more than 150 countries we serve.

We believe that good health is not just about treating an illness or managing a medical condition. It's about supporting people's health as if it were our own, so they can live their best lives.
