TOP STORY: STRENGTHENING RURAL CARE IN RHODE ISLAND

As a leader in global health, Abbott is committed to finding innovative solutions to address the public health needs of remote rural communities. This is especially important given the impact of recent hurricanes and other disasters. It highlights an important need: the impact of recent hurricanes and other disasters on rural health systems, with a specific focus on addressing NCDs.

First, we launched the first in a series of initiatives to find new answers for chronic diseases, also called NCDs,

Second, we launched a new shared value collaboration to strengthen health systems, with a specific focus on addressing NCDs.

Preparing for Hurricane Season

As we prepare for hurricane season, we're looking forward to announcing new Relief for NCDs

New Relief for NCDs

Across Africa, a majority of people live in rural areas, with limited access to health systems, with a specific focus on addressing NCDs.
