Abbott

Thank you for your interest in Abbott Pharmaceutical products and services. Abbott does not market pharmaceutical products in the USA, Canada, Europe, Australia, New Zealand and Japan. If you are looking for a Safety Data Sheet (SDS) for a product marketed in those regions, please contact the manufacturer of your product. Further, Abbott only systematically maintains SDSs for products commercialized by Abbott or its affiliates, where such maintenance of an SDS is required by applicable local laws and regulations. To request such an SDS from Abbott, please fill in and submit this SDS Request Form.

Pharmaceutical products are represented by tablets, capsules, granules, syringes, vials, syrups, oral suspensions, ointments and creams.
